3. <u>Review of NSCIDs</u>

   <u>a</u>. In opening the discussion on this item, General Truscott
   recommended that: (1) the IAC approve and forward to the NSC the
   revised consolidated drafts of the various NSCIDs (except the re-
   vised NSCID No. 7, which will replace the former NSCID No. 9),
   together with a statement indicating the non-concurring views of
   any member of the IAC with respect to any provision; (2) the IAC
   stipulate that the current implementing methods and procedures
   will remain in effect until revised implementing procedures,
   consonant with any new NSC-approved NSCIDs, can be formally

agreed upon and issued as DCIDs. Meanwhile, appropriate IAC
subcommittees and other appropriate responsible officers
should be asked to undertake a review and suitable revision of
applicable DCIDs, with a view to submission of draft DCIDs for
IAC approval within the three-month period following NSC approval
of the NSCIDs. The Chairman noted that certain problems might
arise with respect to the NSCIDs if the proposed IAC-USCIB merger
were carried out, but otherwise there were no objections to this
procedure and the members then discussed the various NSCIDs
individually.

    b. Approved the draft revised NSCID No. 1 (Basic Duties and
Responsibilities), as amended.

    c. Approved the draft revised NSCID No. 2 (Coordination of
Collection Activities). The members also noted the draft DCID
[25X1]

be incorporated into a revised DCID to be finally approved following
NSC approval of the revised NSCID No. 2.

    d. Approved the draft revised NSCID No. 3 [25X1]
[25X1] as amended, except that the representative
of the Joint Staff, supported by the other military representatives,
dissented as to the last sentence in paragraph 4 on page 4.

connection, the members concurred in Mr. Cumming's suggestion
that no portion of this directive should be construed as precluding
the Department of State from conducting its own physical security
measures within State Department installations abroad.

    f. Approved the draft revised NSCID No. 6 (Electronic
Intelligence (ELINT)).
